Bihar, India

2020 – 2022

EXPERIENCE

Full Stack Developer Intern

Fillip Technologies Pvt. Ltd.

May 2025 – June 2025

Patna, Bihar

- Worked on both front-end and back-end development as part of live client projects.
- Learned and implemented real-time web development tasks using modern frameworks.
- Demonstrated good understanding of web technologies and teamwork under supervision.

Freelance Web Developer (Client Project)

The Buniyaad

July 2025 – Aug. 2025

Remote

- Designed and developed a responsive business website — www.thebuniyaad.com.
- Built using HTML, CSS, and JavaScript with a focus on clean design and functionality.
- Integrated SEO-friendly structure and optimized performance for faster loading.
- Collaborated directly with the client to finalize content, layout, and deployment.

PROJECTS

Medium Blog | *React.js, TypeScript, Cloudflare Workers, PostgreSQL, Prisma, Zod, JWT*

[GitHub Link](#)

- Developed a feature-rich blogging platform using **React (TypeScript)** for the frontend and **Cloudflare Workers** for a scalable, serverless backend.
- Implemented **JWT-based authentication** for secure user login and access management.
- Utilized **Prisma ORM** for efficient database interaction with **PostgreSQL**, ensuring scalability and connection pooling.
- Enforced **data validation** with **Zod**, improving input integrity and type safety.

MindVault | *React.js, TypeScript, Tailwind CSS, Node.js, Express.js, MongoDB, JWT*

[GitHub Link](#)

- A content organization platform for collecting and managing resources from Twitter and YouTube.
- Developed a **React (Vite) + TypeScript** frontend with a **Tailwind CSS**-powered responsive UI.
- Implemented **JWT-based authentication** for secure user access.
- Designed a **Node.js & Express backend** with **MongoDB** for scalable data storage.
- Added a **content-sharing feature** to enhance collaboration.
